

## Terrace Suite

The Terrace Suite is one of the signature suites of St. James's. As its name implies, it boasts its own private terrace with overlooking our quiet Cul de-Sac alongside a living room and separate bedroom. This suite is exclusively finished with handmade silk wallpaper in soft neutrals, black lacquered furniture, handcrafted Murano glass chandeliers. The spacious bathroom has a bathtub, walk-in shower and built in bath-side television, Penhaligon's toiletries and it is elegantly fitted with polished natural stone in black and cream colours. Accent pieces of antique furniture and carefully chosen art complete this stylish venue
